Blue Stamp 24-hour EMERGENCY No - 0044 (0) 77** *** **

We aim to provide a suitable route from your accommodation to your work placement however, you should be aware that there are occasions where maintenance or delays on public transport mean that you may need to look at directions more closely yourself on the day you are travelling.

Please leave sufficient time for your journey so that you arrive on time for work.

Journey times are generated using average walking speeds and tend to be quicker in real life than on the routes provided.

Public transport may be the quickest route but walking can be more reliable and provide an opportunity to see the city you are visiting as well as a better understanding of the geography of the area.
