

# 5 TIPS TO MAKE LANGUAGE LEARNING EASIER

## 1 SING ALONG!

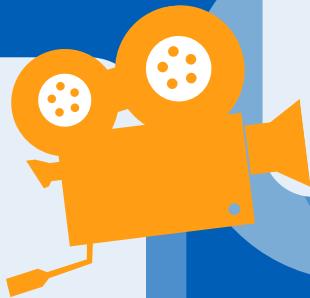

Listen to music in your target language with the lyrics translation, then listen again without it and see what you can understand!

## 2 TRAVEL ABROAD!

If you can travel to a country where your target language is spoken, do it! Even better, do a work placement or study there to practise the language in context.

## 3 MOVIE TIME!

Make language learning fun by watching films in your target language! Turn on the subtitles and read and listen at the same time.

## 5 CHAT WITH FRIENDS!

Make friends who speak or are learning your target language to practise with. Studying or working abroad is the best way to do this!

## 4 LISTEN UP!

Listen to podcasts or music in your target language while going about your daily routine, such as working, doing chores, commuting, or exercising.
